

VEGGALAM AKHIL SAI

Full-Stack Developer

Ph: +91-9492945516 | Mail: veggalamakhil941@gmail.com | LinkedIn: [akhilsaiveggalam](#)

PROFILE SUMMARY

I am a Python Full Stack Developer skilled in Python, Django, HTML, CSS, JavaScript, SQL, and REST APIs. I can develop responsive web applications, manage databases, and build efficient backend systems. I have strong problem-solving abilities and a passion for creating user-friendly digital solutions.

TOOLS & FRAMEWORKS

Languages	Python , Java
Frontend	HTML5, CSS3, Javascript
Backend	Django, FastAPI, REST APIs
Databases	MongoDB, MY SQL
Tools	Git/GitHub, VS code
Creativity	Adobe Photoshop, Adobe Premiere Pro, Canva

PROJECTS

Medical Care Web Application

- Application of Machine Learning in the field of medical Care The Medical Care Application is a web-based platform designed to connect patients and doctors, enabling online appointment booking, health record management, and easy communication. It simplifies healthcare access while ensuring secure and efficient medical services
- Implemented features such as **patient registration, appointment booking, and doctor management**, providing a seamless experience for patients and healthcare staff.
- Achieved **90% accuracy** in medical data management and record processing through an optimized database design and efficient backend implementation.

Image Forgery Detection Using DEEP LEARNING

- Designed and implemented a deep learning-based image forgery detection system using Convolutional Neural Networks (CNNs) to automatically identify manipulated images. The model learns subtle visual and statistical inconsistencies introduced during tampering, enabling accurate and robust detection across vari
- Conducted testing and collected feedback from multiple users, who reported positive results and found the system effective, reliable, and easy to use for image authenticity verification.

EDUCATION

B. Tech — Artificial Intelligence & Machine Learning

Swarna Bharathi Institute Of Science & Technology, Khammam, Telangana

2023 – 2026

CGPA: 8.08/ 10

Diploma — Mechanical Engineering

Govt Polytechnic College, Kothagudem, Telangana

2020 – 2023

CERTIFICATIONS

- Python for Data Science & AI Development — **IBM** (Coursera)
- Machine Learning, Deep Learning & Generative AI — *Various Platforms (Coursera, Udemy)*
- Data Analysis with Python — **Infosys Springboard**

ACTIVITIES & COMMUNITY

- **LinkedIn Creator:** Runs a personal AI & Tech content channel consistently shares insights on Artificial Intelligence and Emerging Technology trends.
- **AWS Community Day:** Attended the event and networked with cloud and AI practitioners across the region.
- **Open Source & Platforms:** Active member on **Kaggle** and **GitHub** — contributing to AI research, datasets, and open-source projects.

LANGUAGES

- English
- Telugu

COURSE

- **Python Full Stack** (Innomatics Research Labs)
